

CHIEF CLERK
APR 18 1908
DEPT. OF STATE

APR 18 1908
RECEIVED

In Executive Session, Senate of the United States. DIPLOMATIC BUREAU
APR 20 1908

BUREAU OF RECORDS & LIBRARY
JUN 27 1908
DEPARTMENT OF STATE

April 17, 1908.

Resolved (Two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of a treaty between the United States and Great Britain concerning the fisheries in waters contiguous to the United States and the Dominion of Canada, signed at Washington on April 11, 1908.

Attest:

Charles J. Bennett,
Secretary.

A. M. Rose,

By

Assistant Secretary.

498

Theodore Roosevelt,
President of the United States of America,

To all to whom these Presents shall come, Greeting:

Know Ye, That whereas a Convention between the United States of America and the United Kingdom of Great Britain and Ireland, providing for the adoption of uniform and effective measures for the protection, preservation, and propagation of the food fishes in the waters contiguous to the United States and the Dominion of Canada, was concluded and signed by their respective Plenipotentiaries at Washington, on the eleventh day of April, one thousand nine hundred and eight, the original of which Convention is hereto annexed;

And whereas, the Senate of the United States by their resolution of April 17, 1908, (two-thirds of the Senators present concurring therein) did advise and consent to the ratification of the said Convention;

Now, therefore, be it known that I, Theodore Roosevelt, President of the United States of America, having seen and considered the said Convention do hereby, in pursuance of the aforesaid advice and consent of the Senate, ratify and

confirm the same and every article and clause thereof.

Given under my hand at the City
of Washington, this eleventh
day of May, in the year
of our Lord one thousand
nine hundred and eight,
and of the Independence
of the United States of
America the one hundred
and thirty-second.

Theodore Roosevelt

By the President:

W. H. Taft

Secretary of State.

By the President of the United States of America.

A Proclamation.

Whereas a Convention between the United States of America and the United Kingdom of Great Britain and Ireland, providing for the adoption of uniform and effective measures for the protection, preservation, and propagation of the food fishes in the waters contiguous to the United States and the Dominion of Canada, was concluded by their respective Plenipotentiaries at Washington, on the eleventh day of April, one thousand nine hundred and eight, the original of which Convention is word for word as follows:

The United States of America and His Majesty Edward the Seventh, of the United Kingdom of Great Britain and Ireland, and of the British Dominions beyond the Seas, King, and Emperor of India, equally recognizing the desirability of uniform and effective measures for the protection, preservation, and propagation of the food fishes in the waters contiguous to the United States and the Dominion of Canada, have resolved to conclude a Convention for these purposes, and have named as their Plenipotentiaries:

The President of the United States of America, Elihu Root, Secretary of State of the United States; and

His Britannic Majesty, the Right Honorable James Bryce, O. M., His Majesty's Ambassador Extraordinary and Plenipotentiary at Washington;

Who, having exchanged their full powers, found in due form, have agreed to and signed the following articles:

ARTICLE I.

The times, seasons, and methods of fishing in the waters contiguous to the United States and Canada as specified in Article IV of this Convention, and the nets, engines, gear, apparatus, and appliances which may be used therein, shall be fixed and determined by uniform and common international regulations, restrictions, and provisions; and to that end the High Contracting Parties agree to appoint, within three months after this Convention is proclaimed, a Commission to be known as the International Fisheries Commission, consisting of one person named by each Government.

ARTICLE II.

It shall be the duty of this International Fisheries Commission, within six months after being named, to prepare a system of uniform and common International Regulations for the protection and preservation of the food fishes in each of the waters prescribed in Article IV of this Convention, which Regulations shall embrace close seasons, limitations as to the character, size, and manner of use of nets, engines, gear, apparatus, and other appliances; a uniform system of registry by each Government in waters where required for the more convenient regulation of commercial fishing by its own citizens or subjects within its own territorial waters or any part of such waters; an arrangement for concurrent measures for the propagation of fish; and such other provisions and measures as the Commission shall deem necessary.

ARTICLE III.

The two Governments engage to put into operation and to enforce by legislation and executive action, with as little delay as possible, the Regulations, restrictions, and provisions with appropriate penalties for all breaches thereof; and the date when they shall be put into operation shall be fixed by the concurrent proclamations of the President of the United States and the Governor-General of the Dominion of Canada in Council.

And it is further agreed that jurisdiction shall be exercised by either Government, as well over citizens or subjects of either party apprehended for violation of the Regulations in any of its own waters to which said Regulations apply, as over its own citizens or subjects found within its own jurisdiction who shall have violated said Regulations within the waters of the other party.

ARTICLE IV.

It is agreed that the waters within which the aforementioned Regulations are to be applied shall be as follows: (1) The territorial waters of Passamaquoddy Bay; (2) the St. John and St. Croix Rivers; (3) Lake Memphremagog; (4) Lake Champlain; (5) the St. Lawrence River, where the said River constitutes the International Boundary; (6) Lake Ontario; (7) the Niagara River; (8) Lake Erie; (9) the waters connecting Lake Erie and Lake Huron, including Lake St. Clair; (10) Lake Huron, excluding Georgian Bay but including North Channel; (11) St. Mary's River and Lake Superior; (12) Rainy River and Rainy Lake; (13) Lake of the Woods; (14) the Strait of San Juan de Fuca, those parts of Washington Sound, the Gulf of Georgia and Puget Sound lying between the parallels of $48^{\circ} 10'$ and $49^{\circ} 20'$; (15) and such other contiguous waters as may be recommended by the International Fisheries Commission and approved by the two Governments. It is agreed on the part of Great Britain that the Canadian Government will protect by adequate regulations the food fishes frequenting the Fraser River.

The two Governments engage to have prepared as soon as practicable charts of the waters described in this Article, with the International Boundary Line indicated thereon; and to establish such additional boundary monuments, buoys, and marks as may be recommended by the Commission.

ARTICLE V.

The International Fisheries Commission shall continue in existence so long as this Convention shall be in force, and each Government shall have the power to fill, and shall fill from time to time, any vacancy which may occur in its representation on the Commission. Each Government shall pay its own Commissioner, and any joint expenses shall be paid by the two Governments in equal moieties.

ARTICLE VI.

The Regulations, restrictions, and provisions provided for in this Convention shall remain in force for a period of four years from the date of their executive promulgation, and thereafter until one year from the date when either the Government of the United States or of Great Britain shall give notice to the other of its desire for their revision; and immediately upon such notice being given the Commission shall proceed to make a revision thereof, which Revised Regulations, if adopted and promulgated by the President of the United States and the Governor-General of Canada in Council, shall remain in force for another period of four years and thereafter until one year from the date when a further notice of revision is given as above provided in this Article. It shall, however, be in the power

of the two Governments, by joint or concurrent action upon the recommendation of the Commission, to make modifications at any time in the Regulations.

ARTICLE VII.

The present Convention shall be duly ratified by the President of the United States, by and with the advice and consent of the Senate thereof, and by His Britannic Majesty, and the ratifications shall be exchanged in Washington as soon as practicable.

In faith whereof, the respective Plenipotentiaries have signed the present Convention in duplicate, and have thereunto affixed their seals.

Done at Washington the *11th* day of April, in the year of our Lord one thousand nine hundred and eight.

William Root

James Bruce

*And whereas the said Convention has been
duly ratified on both parts, and the ratifications of
the two governments were exchanged in the City of
Washington, on the fourth day of June, one thou-
sand nine hundred and eight;*

*Now, therefore, be it known that I, Theo-
dore Roosevelt, President of the United States of
America, have caused the said Convention to be
made public, to the end that the same and every
article and clause thereof may be observed and
fulfilled with good faith by the United States and
the citizens thereof.*

In testimony whereof, I have hereunto

set my hand and caused the seal of the United States
to be affixed.

Done at the City of Washington this
first day of July, in the year
of our Lord one thousand
nine hundred and eight, and
of the Independence of the
United States of America, the
one hundred and thirty-second.

Theodore Roosevelt

By the President:

Olney A. Adee
Acting Secretary of State.
